

Software Tools & Resources

Software

Garmin Basecamp - Use BaseCamp software to plan your next hiking, biking, motorcycling, driving or off-roading trip. You can view maps, plan routes, and mark waypoints and tracks from your computer — then transfer them to your device.

Other Resources

GPSrCHIVE - Various GPS unit configuration guides.

GPSrCHIVE Basecamp - Basecamp configuration

GPSMAP64 Setup - Setup and configuration guide.

GPSMAP66 Setup - Setup and configuration guide.

Oregon700 Setup - Setup and configuration guide.

Etrex25/35 Setup - Setup and configuration guide.

Natural Resources Canada - How to Use and Read a Map
